

ECCnet Registry

Coming Enhancements

GS1 Canada is continually enhancing ECCnet Registry based on community business requirements, Global Standards Alignment and feedback from our users.

This document shows a summary of changes for release 11.9.2.

Optional Attributes Becoming Mandatory May 17, 2021

The attribute described below are currently optional. This is a notification advising that – to ensure continuous alignment with GS1 Global standards – you should begin to take steps to prepare for this attribute becoming mandatory May 17, 2021. *When implemented, these changes will be non-backwards-compatible.*
