

# The New ProSYNC v 1.1.2

## Release Notes

GS1 Canada is continually enhancing The New ProSYNC based on community business requirements, Global Standards Alignment and feedback from our users.

This document shows a summary. For more details about attribute changes, see the *New ProSYNC Attribute Guide* under the Help section of the application.

### Optional Attributes Become Mandatory

The attributes listed below have become mandatory with this release. These changes are non-backwards-compatible.

To ensure continuous alignment with GS1 Global standards, the Transportation of Dangerous Goods (TDG) attributes below will become mandatory.

| Attribute Name              | Comment   |
|-----------------------------|---|
| Primary Class TDG           | If <b>UN Hazardous Material Class Code</b> is provided, then these attributes become mandatory. |
| Shipping Name TDG (English) |   |
| Shipping Name TDG (French)  |   |

### Additional Attribute Updates

| Attribute Name           | Comment  |
|--------------------------|--|
| Allergen-Tree Nuts-Other | Allergen-Tree Nuts Other must be entered when Allergen-Tree Nuts-Other Description-English is entered. |
